

Log Talent - Online Community for Jobseekers, Recruiters

Objective:

Log Talent is an online community designed to help professionals build relationships and share common interests. It is the perfect place to find a recruiter, Headhunter or Executive Search Firm for your business. Meet other local recruiters, HR professionals, and hiring managers. LogTalent is an online community designed to help professionals build relationships and share common interests with Industry recruiters.

Solution:

Log Talent helps to build online-community for the IT recruiters. It helps them in communication between the users. It helps them trace the available employees and to collect their resumes according to the client requirements. Using the site, the users can view the posted jobs and apply to the jobs. It also lists the user's posted jobs, available friends, online friends; recent visitors to his profile. Focus on the listing of user's friends profile views, scraps, testimonials, albums similar to any community portal. Search criteria for the users depending upon their locale, job title, availability are provided. Invitation to the outsiders is provided.

Features:

- ❖ Shares information with other experts you know
- ❖ Sees what is going on with your friends.
- ❖ Looks at people around you.
- ❖ Provides help and advice.
- ❖ Provides people search. Advertises your services worldwide.
